QuietPAD:

Tech-Fast has incorporated two key improvements to the QuietPAD product, which are;

1/ Reducing the material hardness to 58 shore A from 78.

2/ Manufacturing the product from our 'Crystal Clear' PU which, unlike our competitors products does not yellow as direct result of UV exposure.

All Tech-Fast CLEAR BumperPADS are manufactured from the 'Crystal Clear' material

Tech-Fast.Com Limited

Specialises in the design & supply of technical plastic fasteners, closures & components. The company is active in all major global markets.
