

Bumpers & Feet

Cable Management

Filter Products

Panel Access & Motion

Panel Fasteners

Panel Protection

Products In Focus - Hydrophobic & Oleophobic Filters

Provides barrier to ingress of water & oils for sealed units. Air is allowed to travel through the membrane. Typically used in electronic control systems or other sensitive areas

Product In Focus - R Lok Expansion Rivet

A high quality 'all plastic' riveting system, which can be used for all types of panel materials, thicknesses and constructions. Provides a non conductive joint

Tech-Fast Products & Applications for: Wet, dry & hot appliances
