

- Bumpers & Feet
- Cable Management
- Filter Products
- Panel Access & Motion
- Panel Fasteners
- Panel Protection

Products In Focus - Rivet Feet	
	Fasten panels together & provide anti slip functionality. Rivet feet combine technologies to make a very efficient amalgam product.
Product In Focus - Push Lock Rivet	
	Simply drive to set & remove by applying lifting pressure under the head of the part. Low cost but extremely high panel retention. Screw thread versions also available
